

Anodex

Shhh, true friends keep secrets

Thanks Blockchain

Transparency is not always convenient

Existing solutions don't match reality

- Monero = Bridge / Tornado = no compliance  
- Bad UX 
- Wat tokayn is zat?
- Privacy should be accessible

The Disneyland solution : User Journey

The Power Of Friendship – Architecture

Next ?

Today

- Swap 1inch
- Swap on BOS
- zkBob Wallet

Tommorow

- Direct zk deposit
- Tx Fusion
- Full BOS integration

After

- Multitransfer
- Recipient token selection
- ...
